Post Euro 6/VI Standards Initiative

TFEIP Transport Expert Panel

Online, 2020-05-13

The ambition of the EGD for zero pollution ambition in the EU

Post Euro 6/VI approach

- Evaluation of the effectiveness, efficiency, relevance, coherence and EU-added value of the Euro 6/VI vehicle emission standards
- Key areas for which revision at post Euro 6/VI can be considered:
 - Complexity of emission standards
 - Differences based on fuel and technology
 - Different introduction dates
 - Emission limits level
 - Coverage of pollutants
 - Monitoring of emissions over lifetime of the vehicles
- The CLOVE consortium led by Aristotle University provides the technical underpinning of next steps

Inception Impact Assessment

- Intentions of the European Commission have been expressed by the public Inception Impact Assessment
- You can provide your feedback on ambitions here:
<https://ec.europa.eu/info/law/better-regulation/have-your-say/initiatives/12313-Development-of-Euro-7-emission-standards-for-cars-vans-lorries-and-buses>
- Responses can be provided by natural persons or representatives of legal bodies

Public Consultation

- A questionnaire with technical questions will soon become public where people and/or entities can provide their more detailed comments
- The questionnaire will become available here:
https://ec.europa.eu/info/consultations_en
- You are welcome to provide your responses to the questions of the public questionnaire
